I. READING

Loch Ness is a very beautiful lake in the north of Scotland. The lake is in the beautiful surroundings. Wild, picturesque mountains, forests and vast moors are in its neighbourhood. It is 36 km long, 2 km wide and very, very deep. It isn’t as deep as Tanganyika or Bajkal Lake, but it is one of the deepest lakes in the world. It is even deeper than the Baltic Sea. It may reach the depth of about 300 metres.

The word “loch” means lake in old Scottish language. There is a popular legend about a monster that lives in Loch Ness. Its name is Nessie. The Scots say that she is very big, and she has got a long neck, like a snake. But does Nessie really exist? Scientists are exploring the lake with special equipment but they haven’t solved the mystery of Loch Ness yet. The legend of the monster is very famous and thousands tourists from all over the world come to Inverness, the nearest town, to make an expedition to Loch Ness and they hope to be the first to see Nessie.

II. COMMUNICATION ACTIVITY

6. A: ........................................
   B: Thanks a lot. It’s very kind of you.
   a) Will I help you to do your Maths homework?
   b) Do you like to help with Maths homework?
