I. READING

Jamie is a TV chef. He first went on TV about five years ago. He’s a young guy and he has a lot of ideas. Recently he made a TV programme called Jamie’s school dinners. In the programme, he went to a school and worked in the kitchen. His plan was to change the food children eat. He wanted children to eat a healthy diet, not unhealthy food. But it wasn’t very easy.

In the school Jamie visited the food was terrible. The kids ate burgers, or hot dogs and chips all the time. They never had salad or fruit or vegetables. They drank cola and other fizzy drinks. They ate sweets and crisps three times a day. It was really bad. The kids were really unhealthy. A lot of them were too fat, and they couldn’t concentrate in lessons. They were unhappy, but they loved their junk food. It was really sad. Jamie showed them what was in the bad food, and then he cooked some good food! Lots of salads and vegetables, pasta, fruit. And pizza - but his pizza is healthy!

The kids hated his healthy, delicious food. They didn’t want vegetables and fruit. They wanted chips, chips and more chips. It was terrible. Some kids were unhappy. Some kids were very angry. And a lot of kids were really hungry. But after a few weeks, the kids liked Jamie’s food. And now they love it!
